The 5/20 Vision Grid

Level 1 training within the 5/20 Vision Grid, consists of a number of lessons. In this level we will give you an assignment to complete.

Our expectation is very simple: **You need to, just do the assignment, to the best of your ability.**

You will probably not understand the reasoning behind the assignment, the benefit to completing the assignment, or even fully, how to do the assignment.

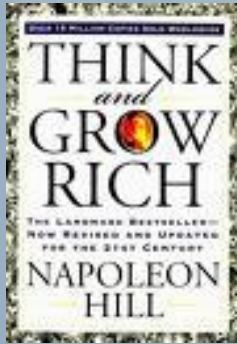

As a visionary leader you will be asking people to trust you, your vision, your knowledge/experience, and your instincts. If you are not able to personally do this yourself, you WILL NOT be able to get others to do this with/for you. It is very simple!

Once you complete a given assignment, we will give you the next assignment and we will then explain the science behind the previous assignment. We will not share the 5/20 Vision Grid with you until you complete all Level 1 assignments.

1. With all the things you've got going, what would you say the biggest challenge you are currently facing in any area of your career, business, or life?
2. If someone could help you in any area of your life, what would you loooooove help on?
