The Vision Project

What if . . .

- We had a system with automated tools, a process, technology along with media to do all the above work/effort on our behalf, AND do it to hundreds, or even thousands of people on our behalf? How powerful would that be?
- Would that help us get to achieve our vision faster, with less work/effort?
- Would that increase our income, reduce the number of hours we work?
- Would that reduce our stress, and improve our life balance?
- Would that produce 3 hours . . . or a lot more for 1 hour invested?

The 3 Starter Question Solution System

- * Synergy will set up a turn key system whereby you can send out a quick email to any/all groups you are connected and it will ask them the 3 Starter Questions:
 1. Which shape they like the most
 2. Their biggest challenge
 3. What they would love help on
- * The system will automatically record their answers, will notify you when someone completes the question, and then your executive coach will help you develop a library of possible solutions to help change the lives of people. **AS WE HELP OTHERS, they will help us. TOGETHER . . . we can accomplish a lot more, than we could on our own.**
